

2006 Spring Select Application

Region 112's Spring Select program exists to promote and invest in the skills and experience of coaches and players within our Region. The motivation to coach a Spring Select team should be for greater good of the AYSO Regional program, to advance the level of coaching and player's knowledge of the game, not for the purpose of using this program as a springboard to gather the best Region 112 players and start a club team when the season is over. Your signature below indicates that you agree with Region 112's philosophy for it's Spring Select program and you will honor this in every way possible. Your conduct and handling of your Fall/Spring season team (during the season and post-season) will be noted and used in the decision process for the choice of Spring Select coach.

Coach's Name: _____

Address: _____

Phone: _____

E-Mail: _____

Division in which you wish to coach: _____ Gender (circle one) BOYS GIRLS
